

The IEEE EEE05 Workshop: Mobility, Agents, and Mobile Services (MAM)

<http://voip.csie.ntu.edu.tw/workshop/eee05/>

March 29, 2005 Lam Woo International Conference Centre Hong Kong Baptist University
Hong Kong Held in conjunction with IEEE International Conference on e-Technology,
e-Commerce and e-Service (EEE-05) 29 March, 2005 – Hong Kong <http://www.comp.hkbu.edu.hk/~eee05> and First
International Workshop on Business Services Networks (BSN 2005)
<http://elab.njit.edu/bsn.html>

The goal of this workshop is to bring together researchers and developers from areas in networks, agent technologies, and middleware to explore challenging issues and enabling technologies for service delivery over an integrated, heterogeneous network. It will also serve as a forum for the academics and the industrial sector to exchange ideas and to learn from each other about the state-of-art concepts and the technologies in e-commerce, e-technology, and e-services. The scope of the workshop includes, but is not limited, to the following topics:

- Personal Mobility
- Mobile Services
- Mobile Agents
- Network Agents
- Multi-Agents
- Agent Collaboration
- Applications in Mobile Servers
- Middleware for Mobile Services
- Mobile Commerce
- E-Commerce Security
- Location Aware Services
- Mobile Computing
- Peer-to-Peer Commerce
- QoS Mobile/Wireless Network

Submissions

Papers should describe original research, and should not exceed 15 double-spaced pages (or approximately 5000 words). All accepted submissions will appear in the proceedings published by the Printing Press of Hong Kong Baptist University. Submissions should be made electronically, either in postscript or PDF format. The cover page should contain the title, author's full name(s), affiliation, address, telephone number, fax number, e-mail address, an abstract and keywords. Submissions should be emailed to workshop co-chairs.

Details on submission guidelines will be posted at the EEE'05 web page (<http://www.comp.hkbu.edu.hk/~eee05>).
